CLASSIC

AUTO *Limited Edition* TRUCK

Model Years
1940-1975

Classic \klas-ik\ adj 1a: of recognized value : serving as a standard of excellence b: traditional, enduring 2a: historically memorable b: noted because of special historical associations 3: authentic, authoritative.

ILCO UNICAN, the world's largest manufacturer of key blanks and key machines, is proud to offer the 1st edition of the North American Classic Auto/Truck Reference. It is designed to assist those cutting keys with an organized, easy-to-use reference book. It is provided through ILCO UNICAN distributors. We wish to thank the many sources that have assisted us in preparing this reference.

ILCO UNICAN

HOW TO USE THE CLASSIC AUTO/TRUCK KEY BLANK REFERENCE

The Classic Auto/Truck consists of three parts:

- 1) The *Make Index* lists the manufacturer (Ford, Chevrolet, etc.) and the page(s) on which the key information appears.
- 2) The *Body* contains the actual reference information. It is organized by make, model and lock application. Lock application terms include ignition, trunk, glove box (GB), valet (operates ignition and door only), and all (single key system, often referred to as a master key)

The last column in the body contains suggested substitutes. *Substitutes are not recommended as a general practice and should be used only in an emergency. There is no guarantee that substitutes will work in all applications, therefore it is advised that you check the application as well as the substitute blank.*

- 3) The *Cross Reference* will allow you to cross reference other key blank manufacturers (Curtis, Dominion (DL) and Taylor) numbers to the ILCO number. Use this information to assist in identifying the key.
